

How Can We Help?

Care Navigators from Project Connect provide free counseling, testing, and referrals for Long Island's young men of color who have sex with men, ages 16 to 29.

SERVICES INCLUDE:

- HIV testing
- Chlamydia and Gonorrhea screening
- Syphilis screening
- Viral Hepatitis C screening
- Couples HIV testing
- Personalized cognitive counseling
- Risk assessment and reduction planning
- Referrals to care for positive screenings
- Free condoms
- Condom negotiation program
- Additional services for HIV+ individuals
